Tell us what your expectations/hopes are for this workshop.

To keep learning more and getting better!

Now that we have an updated plan, I would like to dive deeper into the measures others use to monitor progress for our district.

I want to get ideas to improve our Communications Plan

To gain more social media ideas to bring back to our district.

I can't attend due to a conflict with my schedule but would love to learn more and have access to resources

I want to get a plan put together (at least the skeleton) for the upcoming school year so I can focus my work and leave with most of a plan in place.

This was an incredibly helpful and exciting process last year and I know this year's workshop will build on that by highlighting staff, and staff communications

See how to improve staff communication and see what schools have mobile apps

I just want to see my PR people!

to gain more good best practices that I can implement in my every day work.

Executable list of to-do's throughout the year.

Get started on a communications plan for our district and gain insight/best practice feedback from colleagues

Key categories/strategies/considerations for a school communication plan.

Learning to plan and work more efficiently.

learn from my fellow MOSPRA members

IDEAS and BEST PRACTICES! :)

gress on their plans.

s (and pros). :)

k and be more strategic with my time.

hat opportunity. Being able to connect with other one-person groups is incredibly useful!
